

## Command Update Oct 19th 2012

The 9thAF is recruiting, we are looking for fresh A-10 pilot applications.

If you are interested in team tactics and want to fly the A-10 like the real thing, feel free to visit the join us page. We are not a big squadron but we want to grow and you can be part of it. International applications are more than welcome, we currently have members from North America and Europe.
